I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I have greatly benefitted from the products and services of specialized pharmacies. In the past two years I have used compounded prescriptions to manage the symptoms of menopause. I insisted to take natural hormones vs synthetic prescriptions due to the high incidence of breast cancer in my family. Restrictions on shipping prescriptions out of state would limit my choices for hormone therapy.
